INSTITUTIONS STRUGGLE FIXED-INCOME

01

Pre-investment
diligence is
expensive

02

Post-approval
operations are
manual

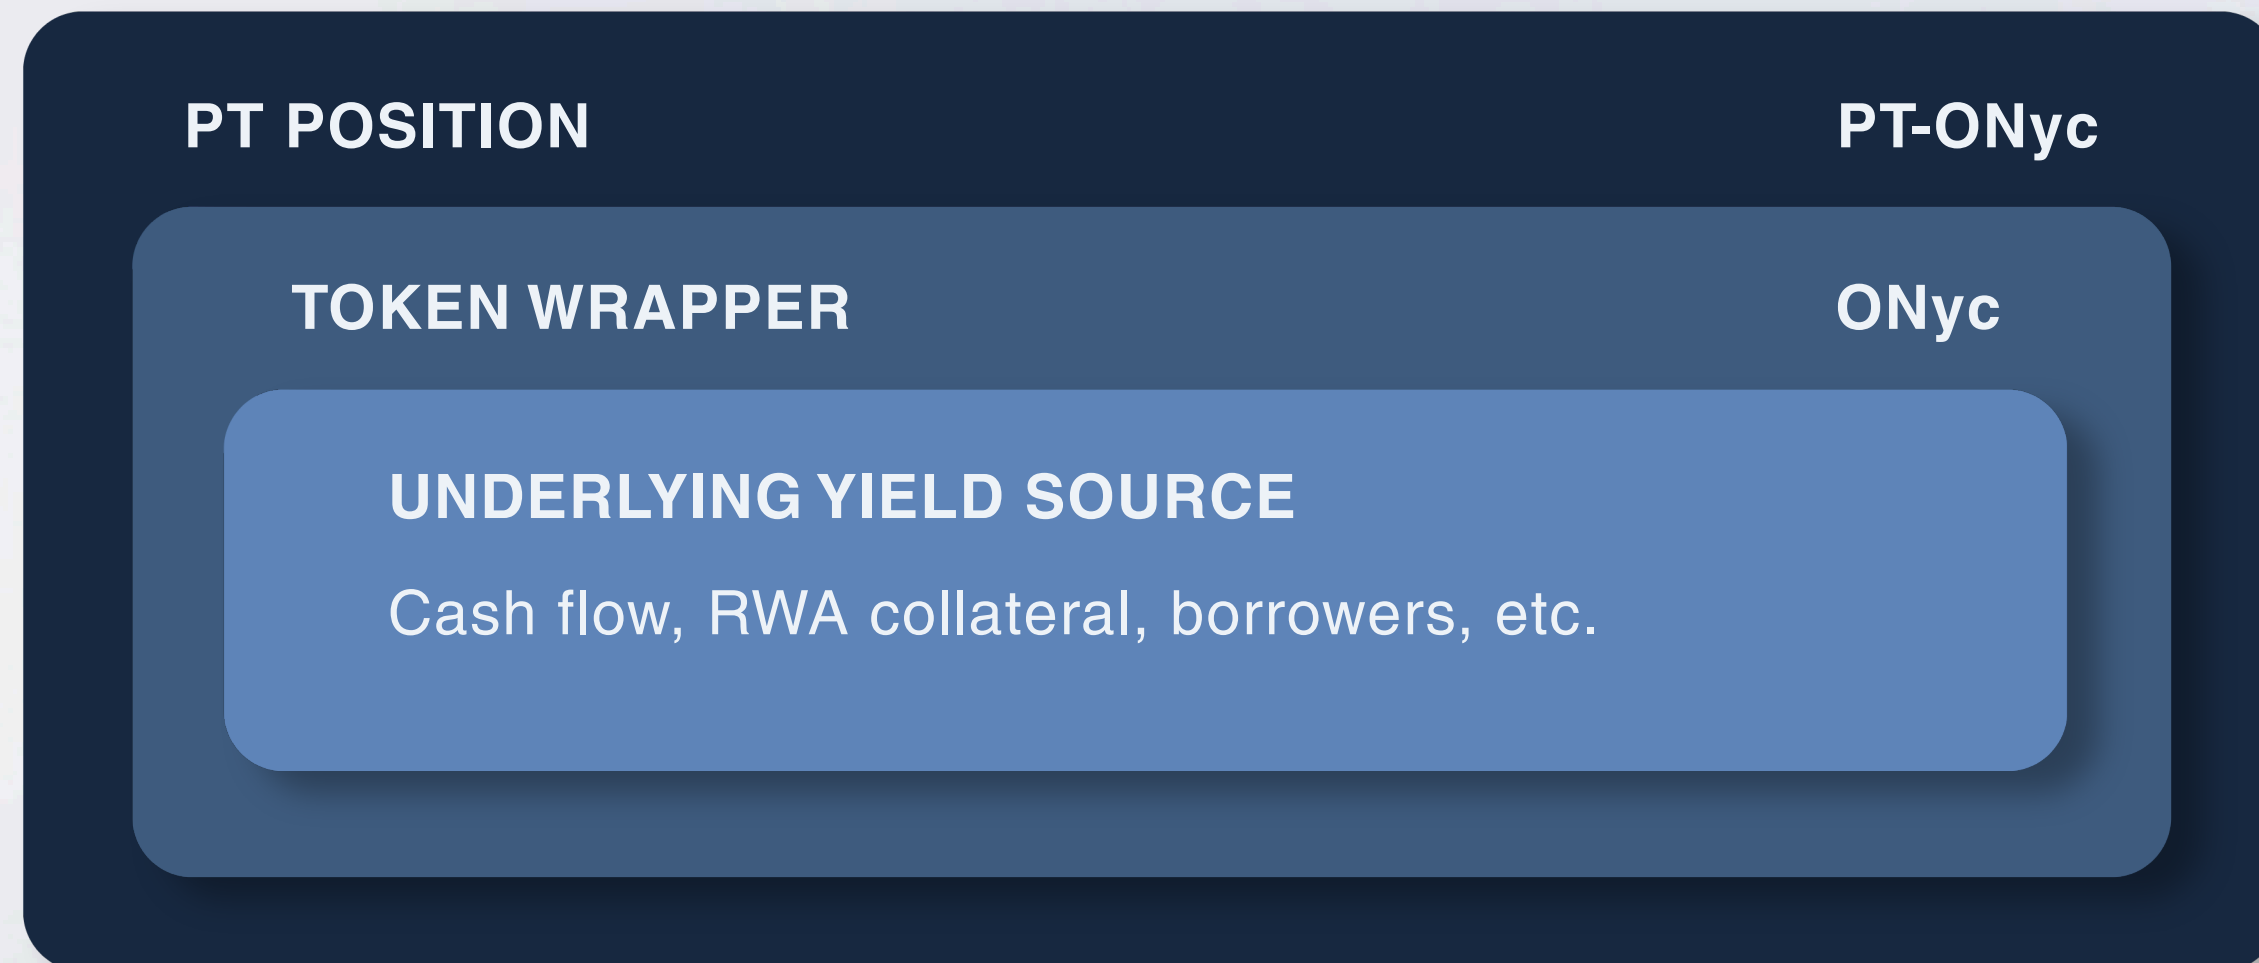

**HAS AN INSTITUTIONAL
INFRASTRUCTURE PROBLEM**

Underwriting and monitoring infrastructure

Kurtosis “Russian-Doll” Ratings

What makes us different

- 1** Layer-by-layer risk attribution
- 2** Maps dependencies and 2nd order effects
- 3** 24/7 Monitoring

01 What you actually own

Expand all layers ▾

Trace the claim to the economic source. Select a layer to inspect its role.

01	PT - srONyc 10 Sep 2026 · principal token	Held >
↓ Depends through PT - srONyc		
02	wsrONyc / Exponent vault Candidate wrapper layer	D >
↓ Depends through wsrONyc / Exponent vault		
03	srONyc Senior tranche claim	D >
↓ Depends through srONyc		
04	ONyc NAV-based token	D >
↓ Depends through ONyc		
05	OnRe segregated account Economic claim and account	D >

Underlying branches: reinsurance exposures + collateral.

Current holdings and weights remain incomplete.

LAYER INSPECTION

Economic layer

wsrONyc / Exponent vault

Publisher metadata links the series to the srONyc wrapper and vault. Whether this warrants its own scoring layer is under review.

WHAT NEEDS SCRUTINY

Conversion rates, accounting denomination and deployment need verification.

[Exponent app public vaults endpoint ↗](#)

Proposed D relationship · 1 levels below the held position. No layer score is issued.

Kurtosis Horizon Vaults: Personalized Allocation against Time

Floating exposure

Fixed-to-Maturity

Cycle starts

Capture approved floating yields

Transition

Lock selectively when rates and liquidity justify it

Near Date

Increase maturity-aligned fixed positions

Target Date

Redeem, withdraw or roll-over

Traction: GTM-led Growth

USD\$800K

non-dilutive TVL commitment

PROPRIETARY DATA

and 24/7 real-time risk monitoring partnership

2ND-RUNNER UP

for Colosseum Singapore

A background image of a mountain range with sharp peaks and ridges, partially covered in snow or light-colored rock, under a pale, overcast sky. The mountains are in the foreground and middle ground, creating a sense of depth.

USD\$400K
