

A group travel app where the whole trip runs on one shared fund.

Each member deposits into the Trip Fund by Stablecoin or Fiat. Anyone can pay by QR straight from the fund.

Built on Solana.

One person does everything.

Create a group chat

6 'bois' searching plan on TikTok/Browser

Send to group chat & wait your 5 other 'bois' to accept

Find a place to stay Hotel/Homestay

Send to group chat again

Next, booking! & You paying first

Track expenses on excel/app

Now let's go

But where to go? → Check group chat again

Discussion?

Okay go

Loop...

End trips and settle up all expenses

64% Use TikTok as search engine

Gen Z Behaviors:

Search on TikTok/IG → Save → Watch & Follow

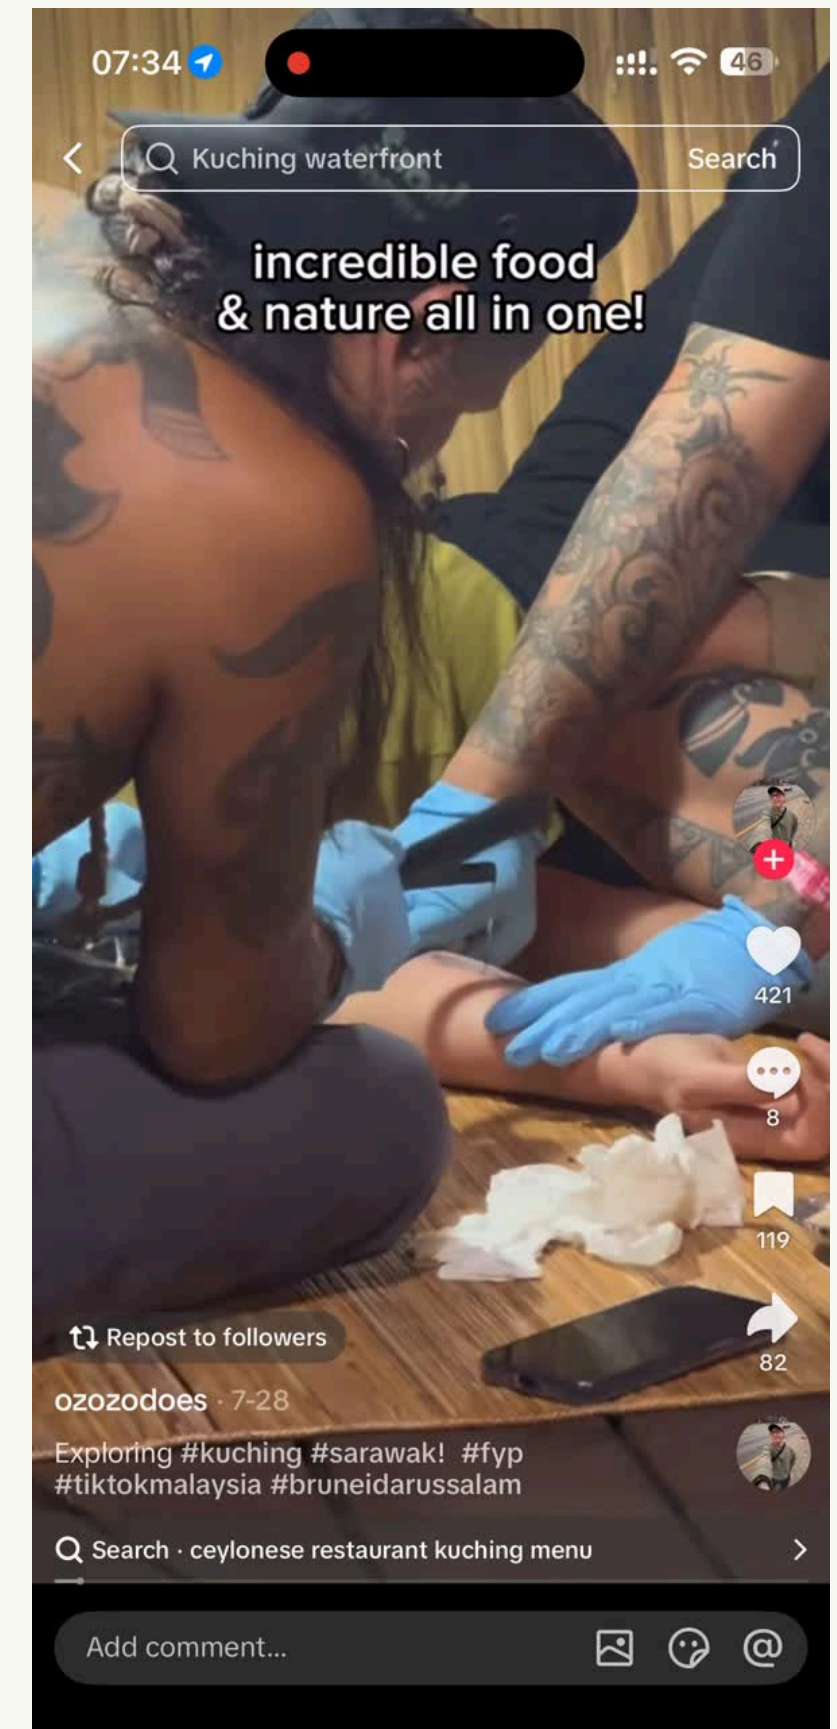

Source: Adobe consumer search survey - 64% of US Gen Z have used TikTok as a search engine

How it works?

1. Copy link on TikTok/IG

2. Paste in OnePlan Travel

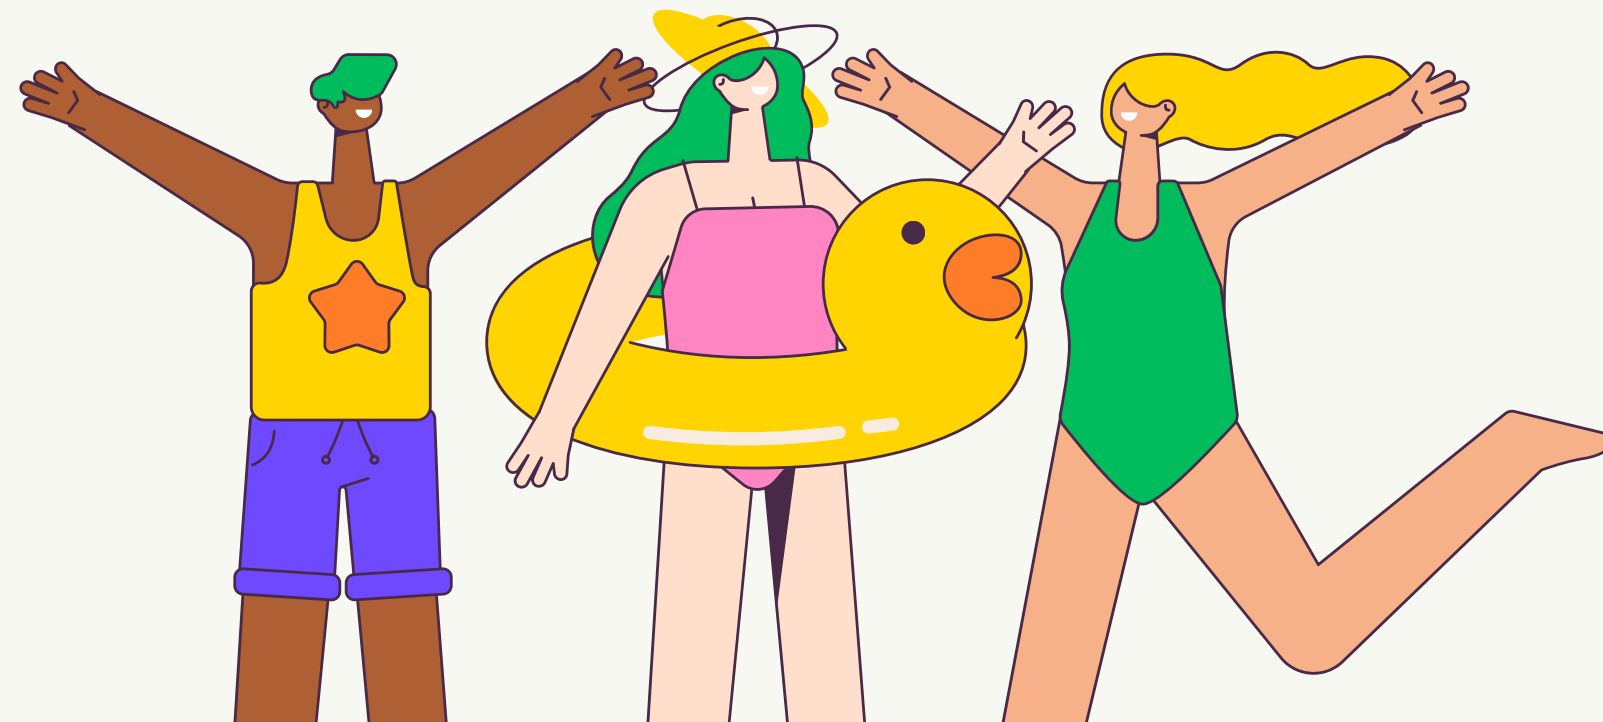

3. Plan ready

Our Target is

Onboarding Gen Z on TikTok & IG.

48% get travel inspiration on TikTok
64% use TikTok as a search engine
43% have booked from a viral video

Money is the broken half of travel.
Card fees. FX loss. Who-owes-who chaos.

Solana makes the fix possible:
one shared payment layer, in Fiat & Stablecoins.

How it works?

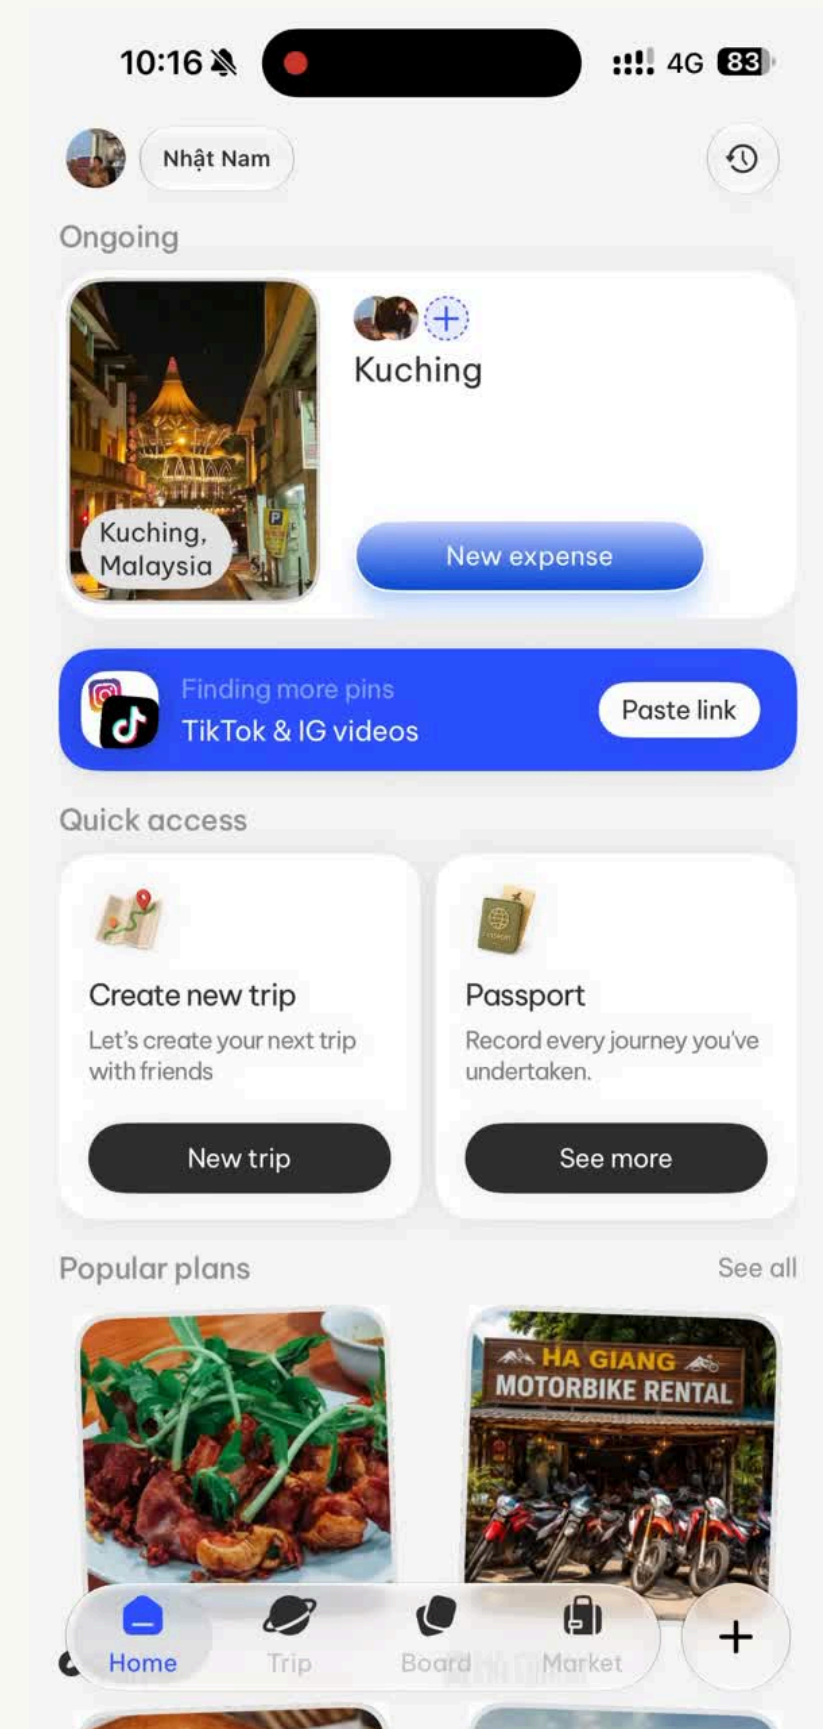

1. Scan QR

2. Enter amount & Details

3. Choose members to share with

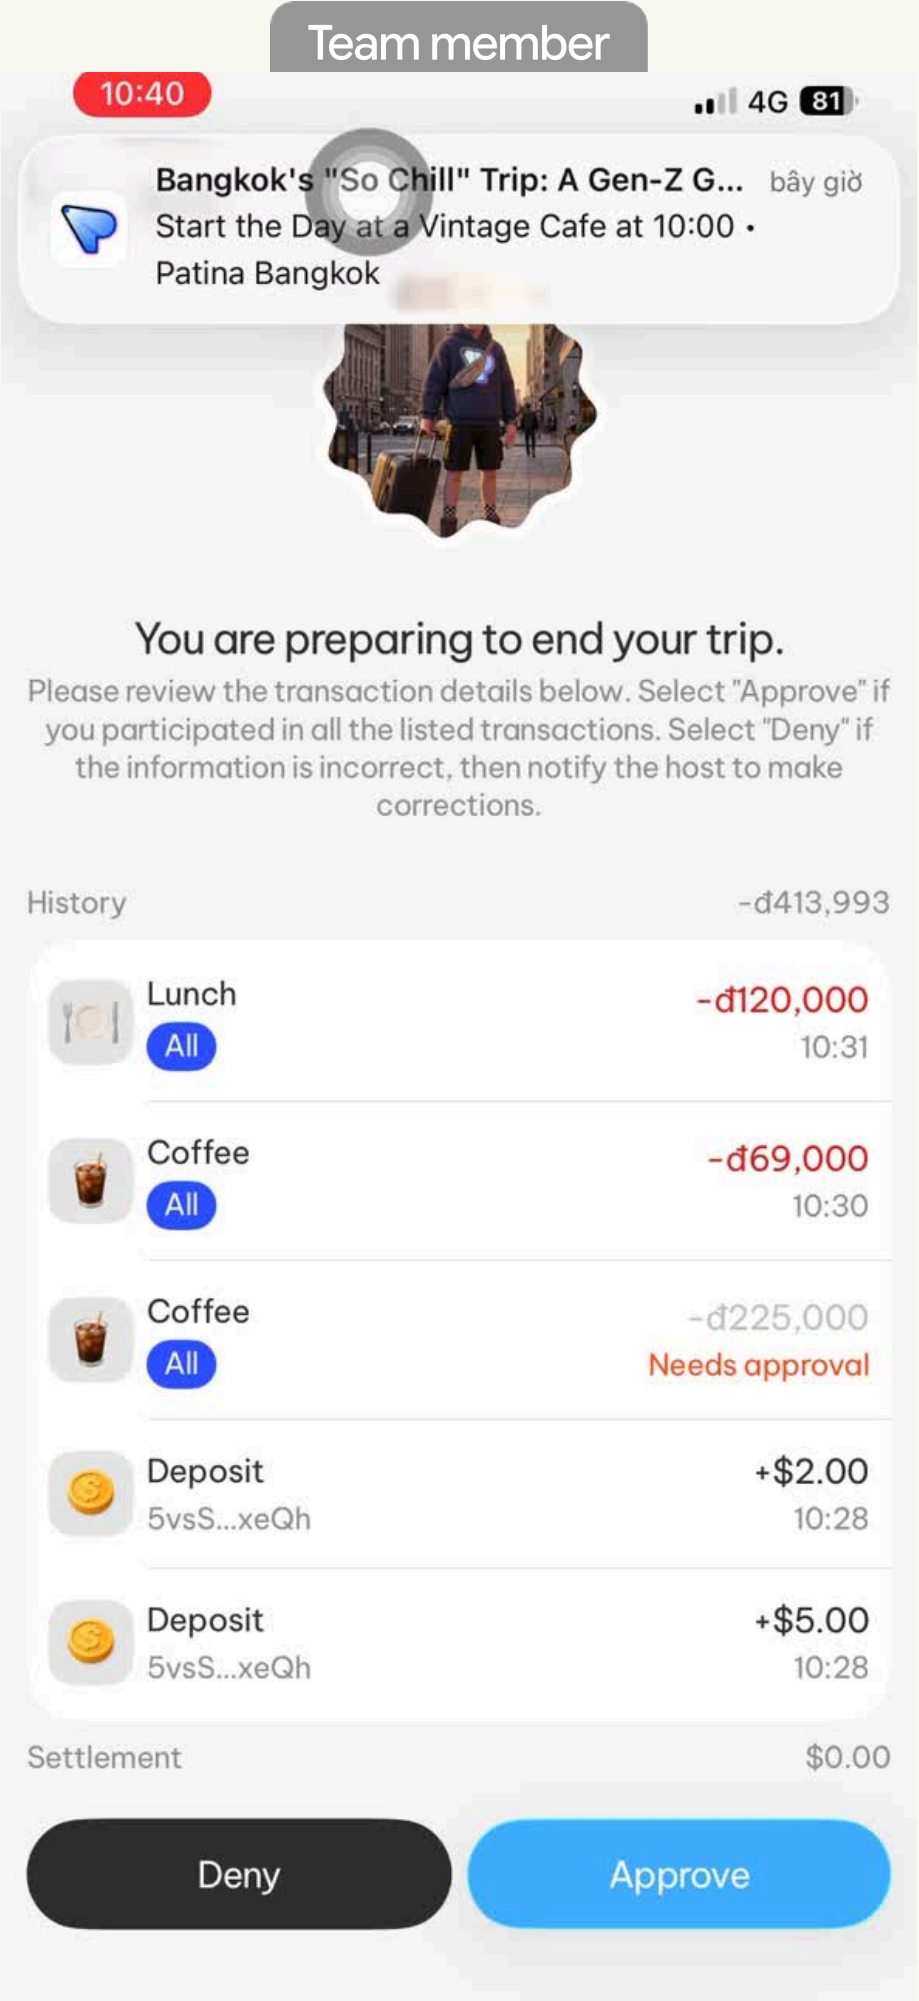

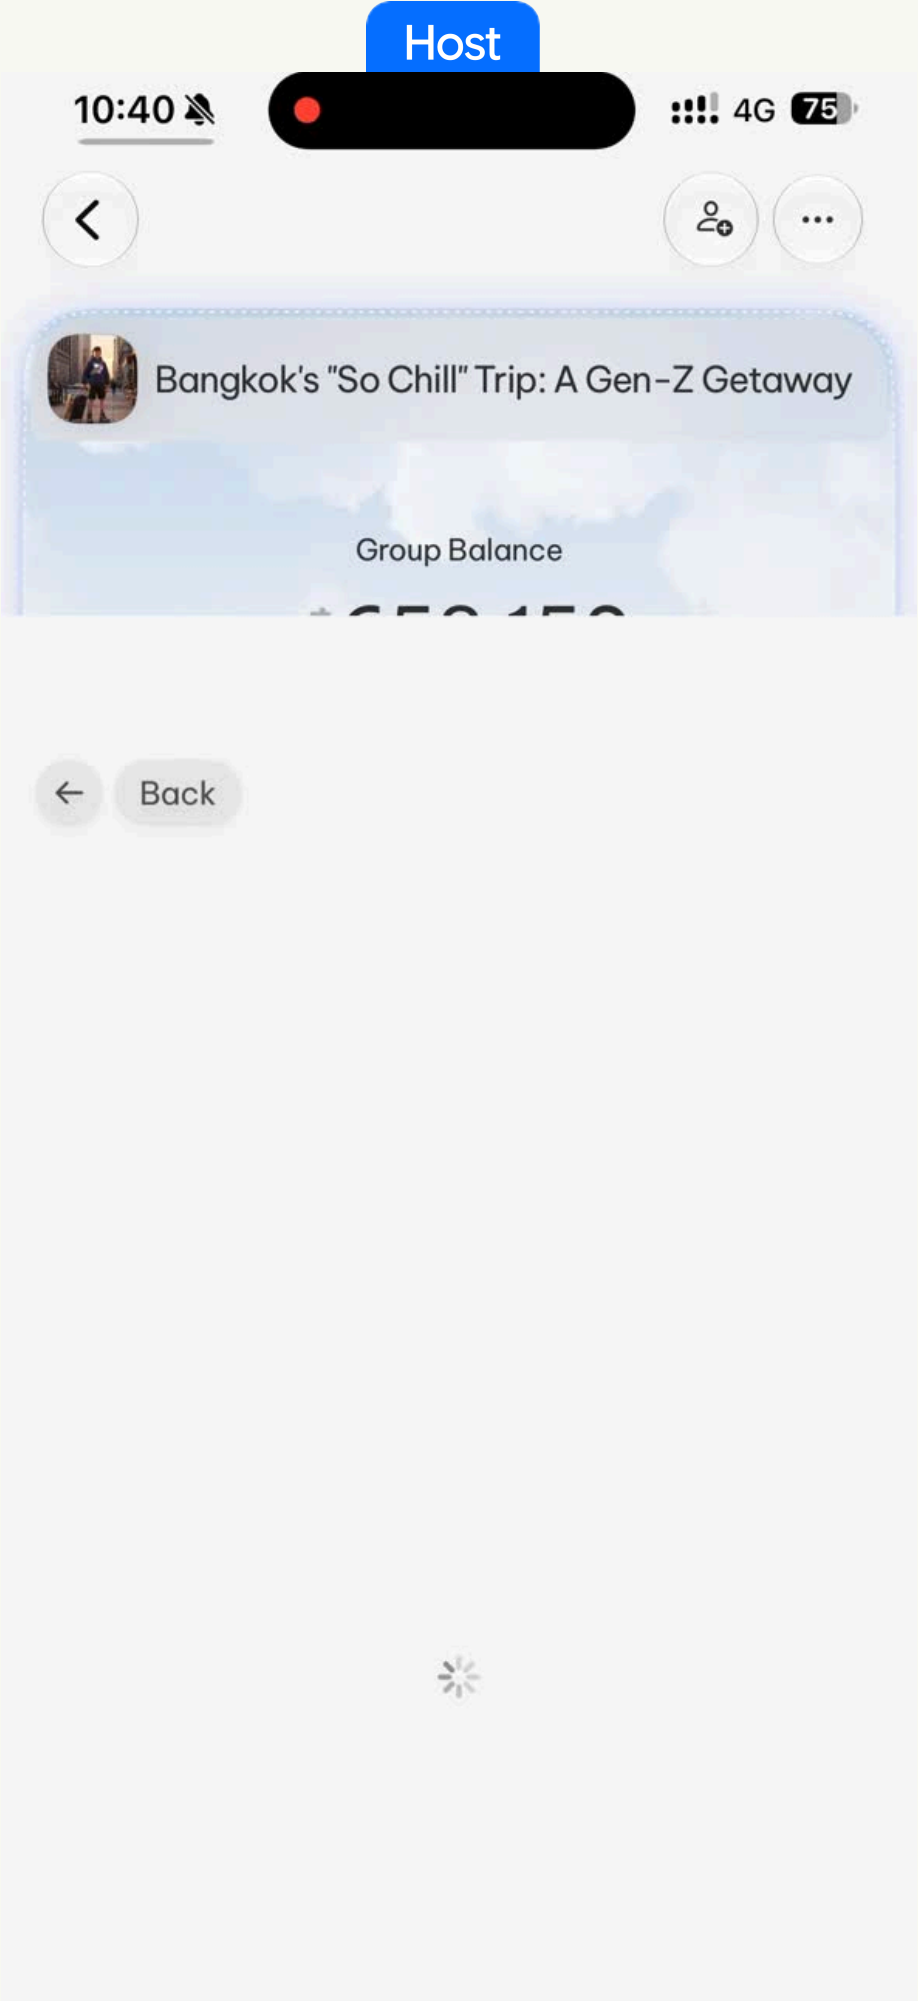

3. Paid from the trip fund, in seconds

4. Settled just by 1 click when the trip ended

How it works?

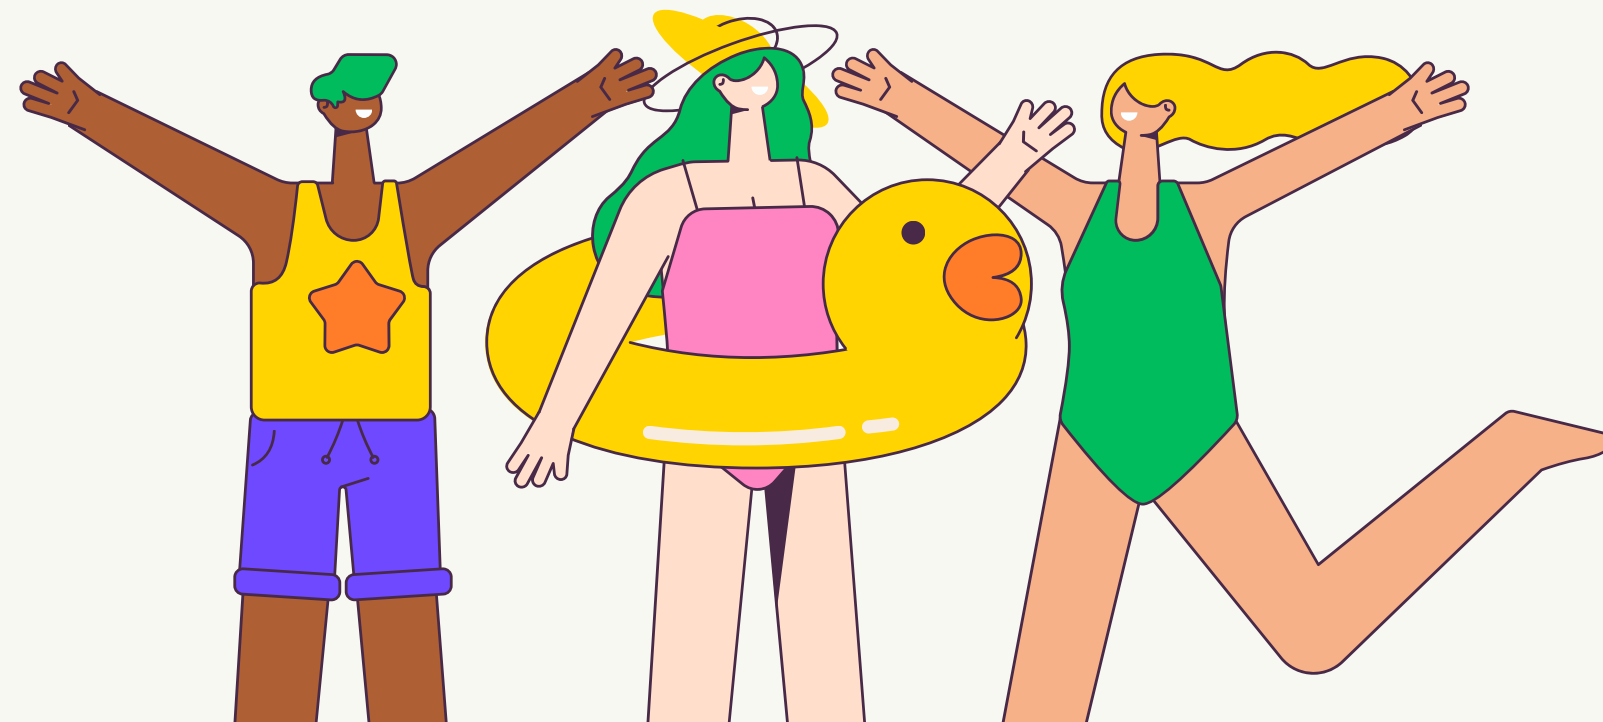

1. Scan QR
2. Enter amount & Details
3. Choose members to share with
3. Paid from the trip fund, in seconds
4. Settled just by 1 click when the trip ended

Our Target is

Letting foreign travelers pay like a local.

2.1M merchants already accept VietQR
QR payment value grew +159% in one year
Yet foreign visitors still lose 2.5-3.5% per card tap

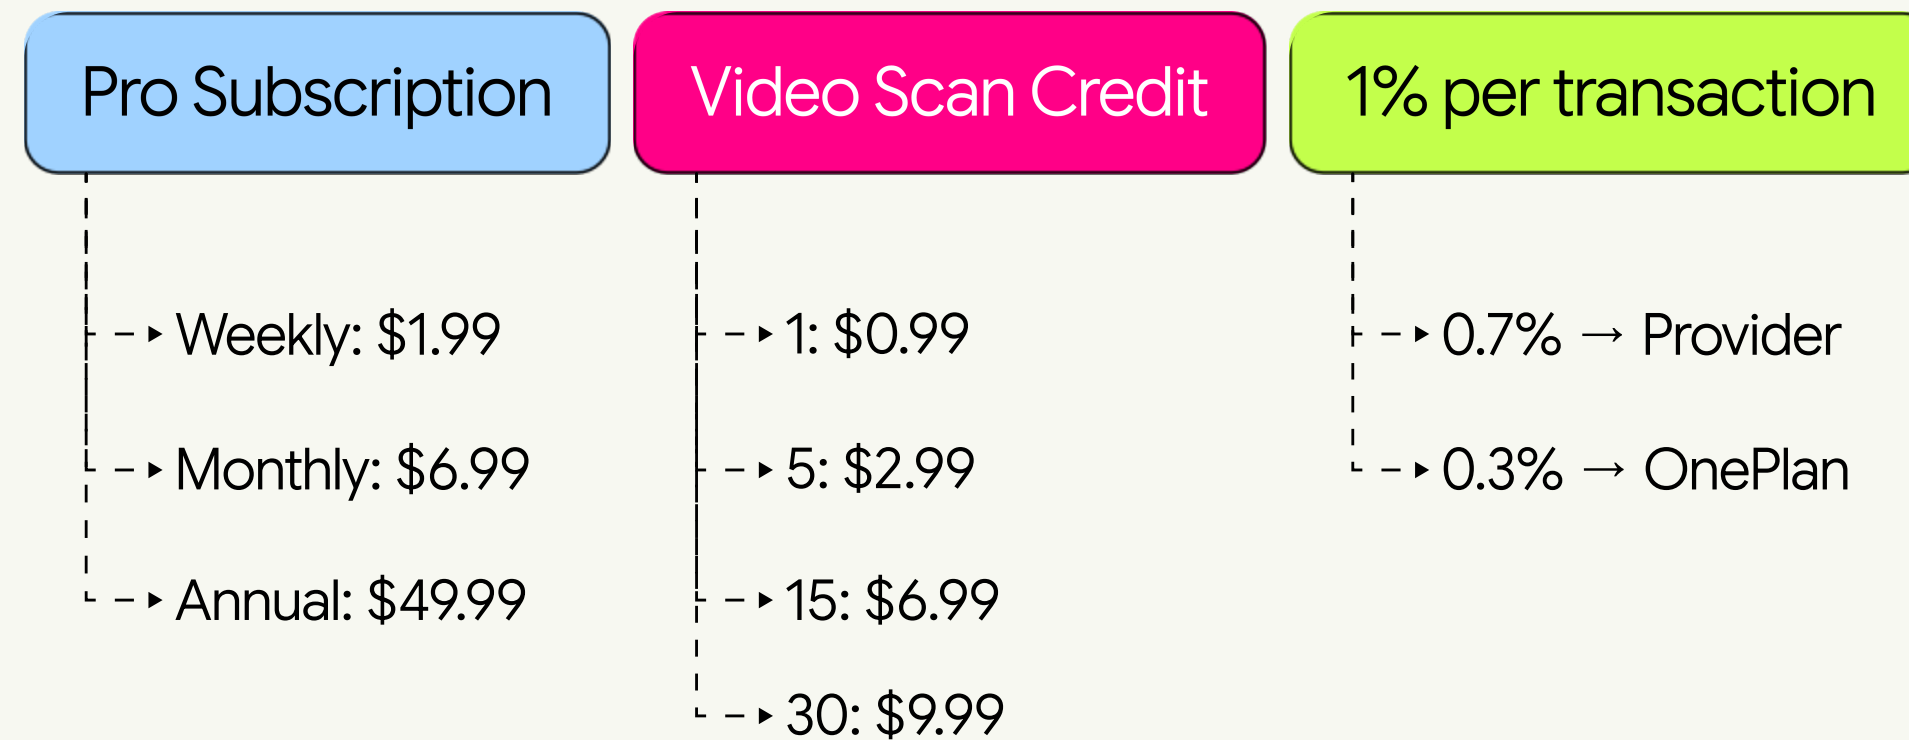

One trip. **Three revenue streams.**

~2B TikTok Users Worldwide

64%

If around 64% are Gen Z, that's on the order of 1.2–1.3 billion Gen Z users using TikTok globally.

for **our Content**

The revenue ladder

Users want this.
Now we tune the paywall.

- **Today**, 7% trial starts, monetization just switched on
- **Next 90days**, paywall + onboarding
→ 2–3% paid (\$26K ARR / 10K users)
- **At target**, 7% paid (\$84K ARR / 10K users)

A SHARED FUND FOR GROUP TRIPS.

*Nobody has to be the bank
for their friends.*
