SOUTHEAST ASIA BUILDS MORE

OPPORTUNITY IS GLOBAL. CAPITAL IS STILL LOCAL.

Great projects exist everywhere. Access doesn't.

Underserved projects

Many promising projects cannot access traditional capital.

Investor hesitation

Trust, diligence and governance are often unclear.

Cross-border friction

Banks, FX, intermediaries and delays slow capital flow.

IDEAS
CAPITAL
PEOPLE
IMPACT

Information is global.

Capital and trust are still catching up.

BUILD TRUST BEFORE SCALE.

Aether combines credibility, structure and access in one platform.

AETHER CONNECTS THE GAP.

Local platforms know local markets. Global platforms have scale.

**Local ECF
platforms**

pitchIN + others

**Global private-
market platforms**

Republic

**Tokenization
infrastructure**

Securitize

Feature	Local ECF	Global platforms	Infrastructure	 AETHER
Project discovery	✓	✓		✓
Raise capital	✓	✓		✓
Custom return structures			✓	✓
Emerging-market sourcing	✓			✓
Trust-first rollout	✓			✓

Small markets are too trust-sensitive for generic platforms.

Aether starts there.
