

Veya

we are building a digital badge book that helps a lot of Girl Scouts discover, earn, organize, and share their badges—all in one place.

Hello!

Team:
ARIAH
EIRIE

The problems

Girl Scouts around the world spend way too much time and effort looking through pages of badges to see which ones they can earn.

When a Girl Scout moves to another level of Girl Scouts, their vest or sash with all their badges gets folded up and stored, so they do not have access to their badges.

The solutions

so we made an app that allows them to simply just scroll and see all the different badges, and the requirements to earn them. So now Girl Scouts around the world can spend less time and effort looking through pages of badges.

With this app Girl Scouts around the world can always access their badges.

Demo\product

From "What should I do?" to "Look what I did."

A simple, joyful rhythm for Girl Scout badge work.

1

Choose

Find a badge for her level, or pick up something she is already working on.

2

Do

Follow a clear path and keep official Girl Scout materials close when they are needed.

3

Record

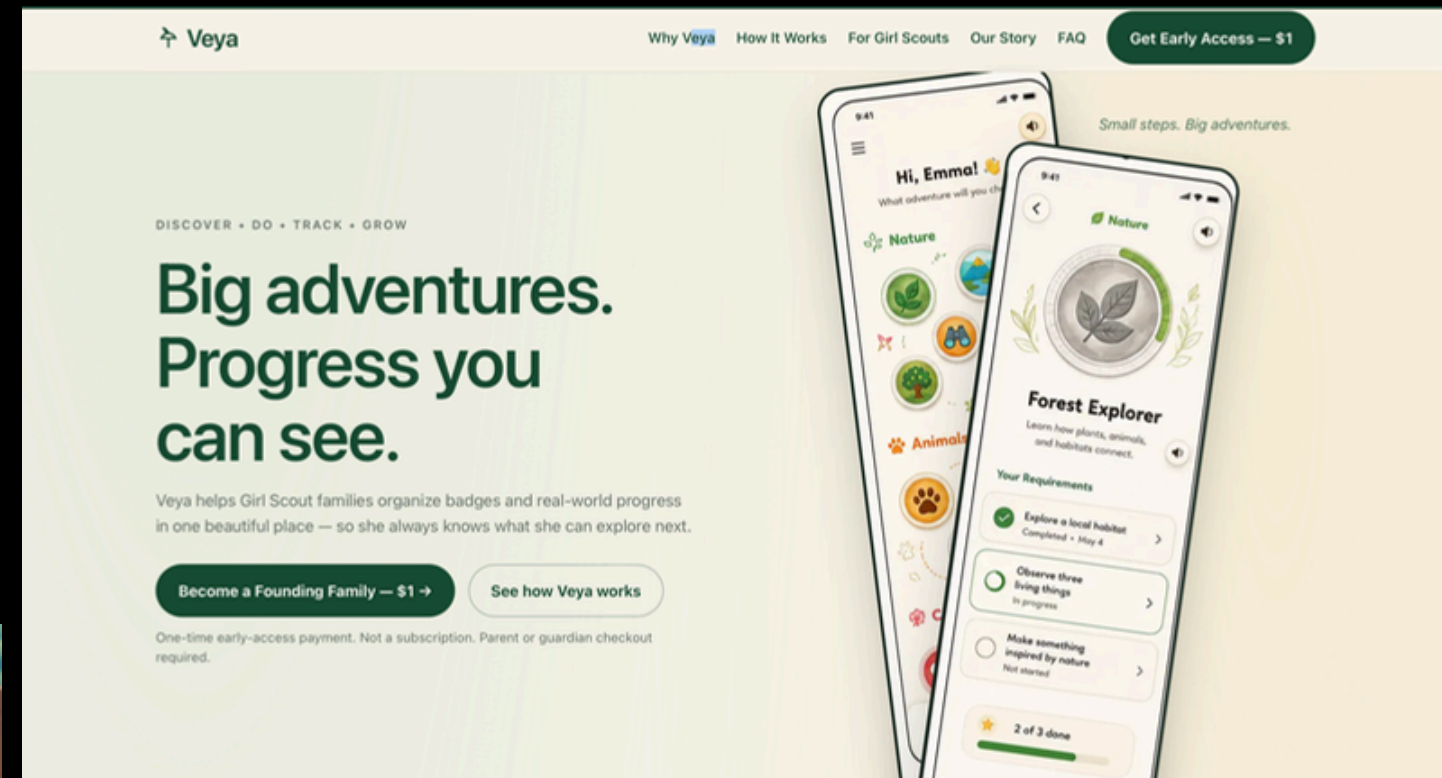

Check off progress, add a reflection, and save the moments that mattered.

4

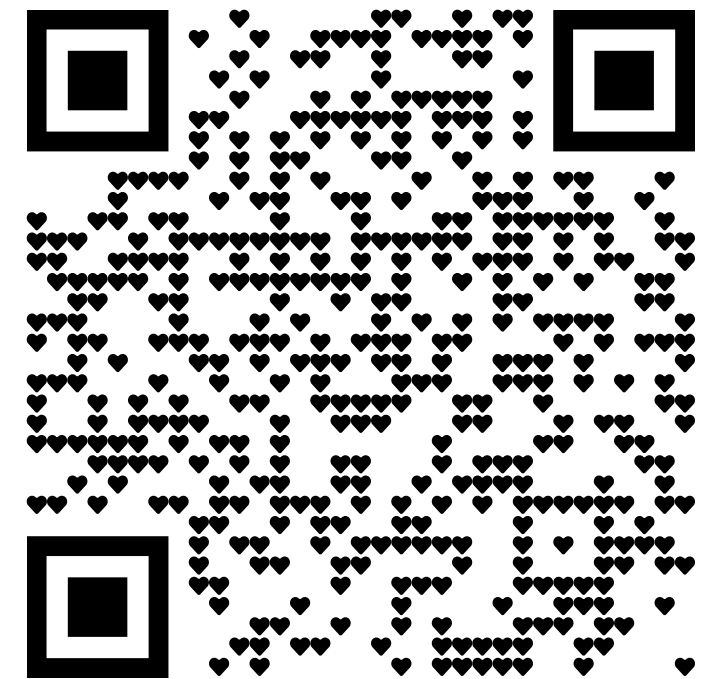

Celebrate

See completed badges come together in a growing record of her adventures.

Demo
(still in progress)

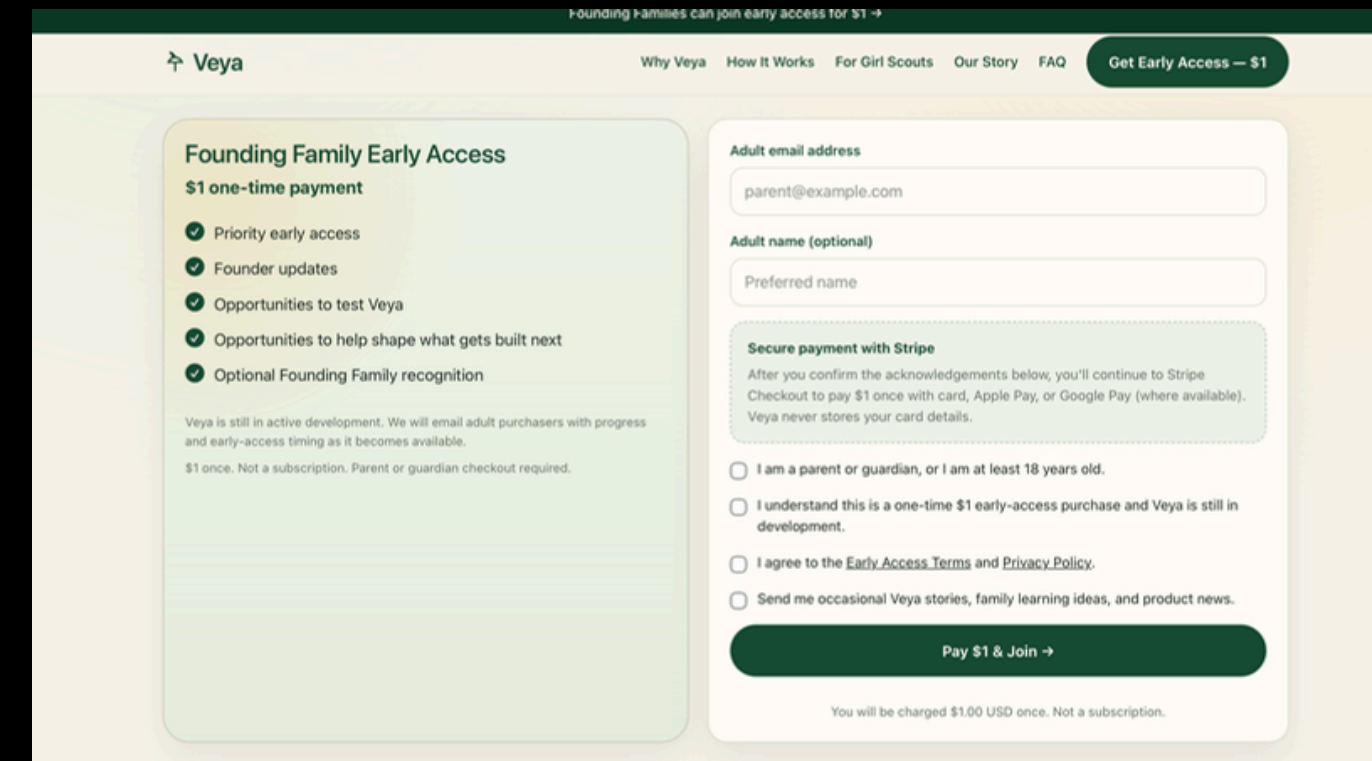

Traction & Business model

We built a waitlist page that will be distributed to friends & family, as well as in the Girl Scout Facebook groups.

It offers early access for \$1.

After a free one week trial, we will charge \$2/month for access to the app.

A screenshot of a web form titled 'Founding Family Early Access' for a company called 'Veya'. The form is divided into two main sections. The left section, titled 'Founding Family Early Access \$1 one-time payment', lists five benefits with green checkmarks: 'Priority early access', 'Founder updates', 'Opportunities to test Veya', 'Opportunities to help shape what gets built next', and 'Optional Founding Family recognition'. Below this, it states 'Veya is still in active development. We will email adult purchasers with progress and early-access timing as it becomes available.' and '\$1 once. Not a subscription. Parent or guardian checkout required.' The right section contains input fields for 'Adult email address' (with 'parent@example.com' entered) and 'Adult name (optional)' (with 'Preferred name' entered). Below these is a 'Secure payment with Stripe' section explaining that after confirmation, users will continue to Stripe to pay \$1 once with card, Apple Pay, or Google Pay. At the bottom of the right section are four checkboxes: 'I am a parent or guardian, or I am at least 18 years old.', 'I understand this is a one-time \$1 early-access purchase and Veya is still in development.', 'I agree to the Early Access Terms and Privacy Policy.', and 'Send me occasional Veya stories, family learning ideas, and product news.' A green button labeled 'Pay \$1 & Join ->' is at the bottom right. A small note at the very bottom says 'You will be charged \$1.00 USD once. Not a subscription.'

website

Market

11.2 million Girl Scouts in the world · 4.5 million in Asia · 133,000 in Malaysia

Why Solana

Because we are friends with the Solana team. Also, it is fast and affordable.

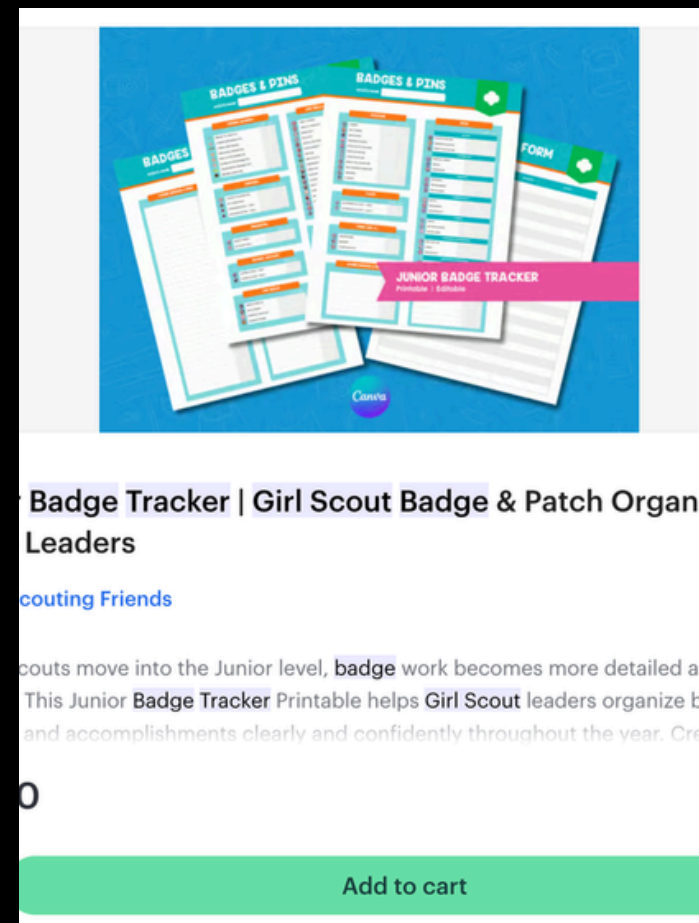

Why now

We are Girl Scouts traveling the world. Badge books are bulky and heavy — hard to travel with. So we made a tool that lets you take them everywhere, right on your device.

Competition

We don't have any competition. We are the first ones to build something like this. The only thing that is somewhat close is spreadsheets of all the badges, but it still takes a bunch of time. some people pay around \$10 for one PDF page where in this app you can pay two dollars a month and you get a full working app.

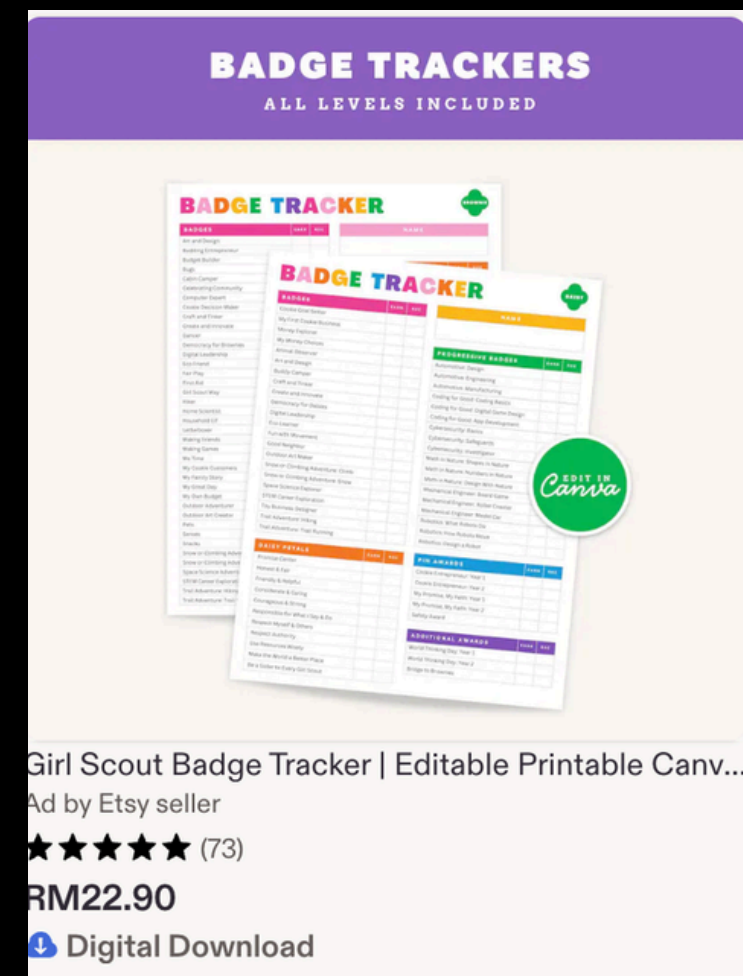

Badge Tracker | Girl Scout Badge & Patch Organizer
Leaders

Couting Friends

As scouts move into the Junior level, badge work becomes more detailed and complex. This Junior Badge Tracker Printable helps Girl Scout leaders organize badge work and accomplishments clearly and confidently throughout the year. Create your own

GTM / 3-Month plan

To get the first thousand users, we just have to reach 1% of 1% of all Girl Scouts in the world. which is 1,220 people

How we reach them

Share with our Girl Scout friends, Post in Girl Scout Facebook groups and reach out to the Girl Scout organization

Founding Families can join early access for \$1 →

Veya Why Veya How It Works For Girl Scouts Our Story FAQ [Get Early Access — \\$1](#)

Founding Family Early Access

\$1 one-time payment

- ✓ Priority early access
- ✓ Founder updates
- ✓ Opportunities to test Veya
- ✓ Opportunities to help shape what gets built next
- ✓ Optional Founding Family recognition

Veya is still in active development. We will email adult purchasers with progress and early-access timing as it becomes available.
\$1 once. Not a subscription. Parent or guardian checkout required.

Adult email address

Adult name (optional)

Secure payment with Stripe
After you confirm the acknowledgements below, you'll continue to Stripe Checkout to pay \$1 once with card, Apple Pay, or Google Pay (where available). Veya never stores your card details.

☐ I am a parent or guardian, or I am at least 18 years old.

☐ I understand this is a one-time \$1 early-access purchase and Veya is still in development.

☐ I agree to the [Early Access Terms](#) and [Privacy Policy](#).

☐ Send me occasional Veya stories, family learning ideas, and product news.

Why us

We are probably the only Girl Scouts in the world who know how to code and have experience with blockchain.

The ask

We would like everyone to help spread the word about this app to any Girl Scouts you know or anyone who would want this app. Because me and my sister are saving up to buy computers so we can do more vibe codeing.
